### CITY NEWS IN BRIEF.

S. L. King, proprietor of the Grand Rapids Carved Molding company, has moved into his new factory, corner of North Front and Myrtle streets, where he has greatly increased. Neither the company nor the building it occupies in any way connected with the Kent Furniture factory, as has been announced.

A. L. Clinton of the Agricultural college, Lansing, was in the city yesterday on route from one of the northern experiment stations to his home. He reports the crops in that section as looking extremely promising.

Sullivan & Higgins have been awarded the contract for doing the carpenter work on Mrs. McNamara's block on West Bridge street and O'Neil & Kennedy will do the mason work.

Graduates of Bennett's Business college and the Valley City Commercial college are taking steps to organize an alumni association of the colleges. All graduates are invited to join.

Residents in the vicinity of East Bridge street and College avenue are protesting against the location of the Holland Benevolent home at that point.

The prohibition club will hold a grand ratification meeting tonight. Addresses will be made by the delegates to the national convention.

Work on the cut between the river and the steamboat channel has been discontinued for a few days until the water recedes a little.

The National City bank building will be enlarged by the addition of three more stories, making it a handsome six story block.

Prof. C. N. Colwell entertained the members of the Park Congregational church at his home on Lagrave street last evening.

Samuel Peck has purchased several lots on Powers' Paris addition from E. W. Martindale. The consideration was \$6,000.

The prizes in the Grand Rapids-Detroit relay race will be awarded in the bicycle club's rooms this evening.

George E. Smith will leave soon for Milwaukee to take the management of the Shoe Typewriter company.

Maud Hughes, the harpist, has been engaged to give harp recitals in Hartman's hall every afternoon.

The pleasure yacht Dret is completed, and has already made several trial trips down the river.

Peter Reid and Martin Fiderlein procured liquor licenses from the county treasurer yesterday.

The Grand Rapids Guard marksmanship contest will be held at Grand Haven July 4.

The board of education will hold its regular session tonight.

Nine real estate transfers yesterday.

**CITY HALL ITEMS.**

An anxious crowd of men, women and children filled Ottawa and Lyon streets around the city hall yesterday to see somebody get killed during the process of moving Secretary McKelvey's big safe from the third floor of the hall to the street.

One of the men who was in the crowd of forethought on the part of the architect the ponderous mass of iron and steel, weighing 2,500 pounds, had to be lowered from one of the windows of the council chamber on the third floor.

During its progress downward a photographer took a snap shot at the safe and the horse show and furnished the dramatic element by playing comely music to an accompaniment of groaning ropes. The work was accomplished without accident and the crowd went away disappointed.

Twenty-five Grand Rapids teachers have signed to Superintendent Chalmers their intention of attending the national educational convention at Saratoga. A large party from Kalamazoo will join the Grand Rapids party at Detroit, and several teachers from Muskegon will join them here.

The excursionists who leave here on the morning of July 3. They will spend three days at Saratoga, returning about July 16.

Forty-four teachers finished their examinations for certificates. Some finished with the cheerfulness of children and some with ill-concealed tears. One candidate asked for a first grade certificate, five for second grade and thirty-eight for third grade certificates. Superintendent Chalmers pronounced the class up to the average.

City Engineer Collier and his staff of assistants are waiting in hard work. The council is hearing the work on them to a very lively time, and the staff is tired.

The races proved too strong a temptation for the board of health yesterday afternoon and their meeting was

adjourned for lack of a quorum. The superior court, too, was silent and deserted, for Judge Burlingame's love of a merry race wouldn't permit him to hold court.

The city marshal yesterday afternoon served notices on owners and occupants of property on Lyon street between Union and Barclay streets to make all sewer, water, gas and other connections within fifteen days, or before the street is paved.

Occupants of the city hall varied the monotony of official life yesterday by frequent runs around the block to warm up. The hall was damp and cold as a cellar, and the officials are laying in rheumatism enough to last a year.

City Attorney Taylor and his assistants are busy preparing the manuscript for the appeal in the Stephen Weiden case, which goes to the supreme court. The copy will be given to the printer next week.

### A Word of Advice.

To the Editor of THE HERALD.  
In common with most people at this season of the year, I usually feel fagged out and listless, and seem to lose all strength and energy. I have always supposed it was due to the weather, but it certainly seems as though there should be some way by which these things can be prevented or avoided.

I have heard of a great many ways, which have been tried by different people, but I am naturally skeptical, and write to ask you if you will not in your editorial columns, state what you believe to be the best way of keeping up the strength and life during the summer season. By doing so you will greatly oblige me, and I doubt not many others. Sincerely, A. H. R.

A. H. R. asks a pretty difficult question and one which an editor might respectfully decline to answer, presuming it to be outside of his sphere, but editors have unusual opportunities for observing, in fact, that is their prime desire. While there are many things which a subscriber might try for the purpose of keeping up the tone of the system and strength during the summer, there is probably nothing which will prove so beneficial as the great discovery of Prof. Philip of Darmstadt, collected known as Paine's celery compound. It is a food for the nerves, the brain, and hence the life. It has proven itself unequalled, and its success with the public and the medical profession amply proves what it is doing for others. The Herald therefore advises A. H. R. and all who have similar troubles to try it.

**Buy Chicago Real Estate.**  
Chicago real estate almost sells itself and does its own talking. A syndicate of wealthy, representative men own Sheldon Heights, the highest, driest and best residence property in Chicago. They want one first class real estate man (only) to represent them in this town and vicinity. Don't "putter" along with little things in boom-time, handle something you can turn easily. Location, price, terms—all attractive and right. Chicago is getting one new permanent inhabitant every nine minutes. This makes a lively demand for good residence property. A live, progressive man, with a following, can learn of a business opening of a very profitable nature by writing today to James E. & Robert L. McElroy, Chamber of Commerce, Chicago, provided the name of this paper is mentioned.

**A Chicago Opportunity.**  
The proper time to make investments in Chicago is before the world's fair—on the rising tide. To any one who appreciates this fact and who will send their name and address we will send, free, a beautifully illustrated book on the wonders of Chicago—"The Way to Win." Address James E. & Robert L. McElroy, Chamber of Commerce, Chicago.

**What We Offer You**  
is this: If you are troubled with piles, (no matter what kind) go to the drug-gists named below and get a package of Hill's Pile Pomade. No danger of being humbugged. Relief in 15 minutes and a positive cure. A bonafide guarantee with each package. By mail \$1, six packages \$5. R. A. Williams, 38 W. Bridge street, and Peck Bros., 129 Monroe street.

**If you want to catch the correct time of your horse, get your split second and quarter second watches repaired by expert workmen at the oldest established house in the city. R. D. Carlson's, No. 44 Canal street.**

**G. R. & L. R. R.**  
July 4th.  
One fare for the round trip between all stations. Tickets on sale July 2nd, 3rd and 4th, good for return until July 5th.

**Enterprise.**  
"Always to the front" has ever been the motto of B. S. Harris, the South Division street grocer. His store is one of the finest in the city. He is now putting in a cash carrier system, which will also make it one of the most convenient. This is the only grocery store on South Division street, and the modern convenience. Enterprise like this is what makes South Division street.

**When the lips are dry or scarred, When the teeth are dark or dull, When the tongue is hot and hard, And the tainted mouth too full, The magic SOZODONT supply, And all these ills before it fly.**

**False Economy.**  
Is practiced by many people, who buy inferior articles of food because cheaper than standard goods. Surely infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

The remarkable growth which, till within two years, was brought about principally by one person selling another, is a monument to Garfield Tea's merits.

### A Call for Pearlina

brings the best washing compound in the world, and the original one—all others are imitations. It costs no more than common soap. It does more than soap's work, and half of your own besides. Anything that needs cleaning can be washed with it—without scouring, rubbing and scrubbing, and with absolute safety. Make its acquaintance; millions of women call it their best friend. Every grocer keeps it, because he has constant calls for it.

Beware of imitations. JAMES PYLE, N. Y.

**Imitators and Impostors.**  
The unequalled success of Alcock's Porous Plasters has induced unscrupulous parties to offer imitations, which they endeavor to sell on the reputation of Alcock's. It is an absurdity to speak of them in the same category as the genuine porous plaster. Their pretensions are unfounded, their vaunted merit unsupported by facts, their alleged superiority to or equality with Alcock's a false pretense.

The oldest medical practitioners and chemists and thousands of grateful patients unite in declaring Alcock's Porous Plasters the best external remedy ever produced.

Beware of imitations, and do not be deceived by misrepresentation. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.
